

Individual reflection

Week 4 | 27/4 - 30/4

What do I want to learn or understand better?

I want to learn how to have more effective meetings, since ours tend to be very long. I also want to become better at estimating the user stories and tasks, which would help with the meeting time as well.

How can I help someone else, or the entire team, to learn something new?

I can, as always, help by answering questions if I know the answer.

What is my contribution towards the team's use of Scrum?

I keep the scrum board up to date by keeping track of the meetings, moving my cards, adding parents/children and colours to the tasks and user stories etc. I've also participated in all the meetings and been active during our discussions.

What is my contribution towards the team's deliveries?

I finished my assigned tasks, I wrote this individual reflection, and I helped write the team reflection.
