Individual reflection week 2

What do I want to learn or understand better?
I feel like I have got a good understanding of the theoretical framework of agile development and scrum this week. I now look forward learning more on how to work agile in practice.

What is my contribution towards the team's use of Scrum?
I want to make use of the slice the cake model we learned this week.

What is my contribution towards the team's deliveries?
Staying in touch with our superuser and contributing on the project scope.
